P.S. It's just as important for us to tell you who we aren't as well as to tell you who we are. The 100 Day Challenge is an intense program and it is not for everyone. It's a serious program, for serious people, who want to make serious and lasting change in their life and career!

## 1. What is the 100 Day Challenge?

The 100 Day Challenge is a revolutionary extreme performance acceleration system that is responsible for **transforming business and human potential into extraordinary results worldwide.**

Over the course of 14 highly disciplined weeks, we help you to implement the world's best strategy and execution framework into your business and personal life while **driving accountability.**

Unlike any other program, The 100 Day Challenge will change the way you think, it will strengthen your focus, intensify your commitment, add discipline and order to your priorities, and most important, it will turn you into an unstoppable powerhouse.

## 2. Why should I participate in the 100 Day Challenge?

On a global scale, there is a chronic disconnect between strategy formulation and strategy execution. The goals that companies and people set for themselves often bear little resemblance to the results they actually achieve.

The root cause of the disconnect between strategy and actual performance is that most companies and individuals do not have a strategy execution process.

The 100 Day Challenge is all about strategy execution. **You will learn how to convert goals, strategy, and intentions into results** faster and more efficiently than you ever thought possible.

## 3. What is the central theme of the 100 Day Challenge?

**"Success Loves Speed"** is the organizing theme of the 100 Day Challenge. Speed is an indispensable ingredient of competitiveness, which helps you to enjoy market dominance, massive credibility, financial prosperity, and customer loyalty.

*The 100 Day Challenge will give you the mindset you need, the results you want, and the life you deserve.*

You will learn that the key to rapid, ongoing and transformational results is to recognize the competitive power of speed and to turn the pursuit of speed into a central organizing principle in your company and career.

In today's world, the old rules no longer apply. It's not the big that eats the small, **it's the fast that eats the slow**, and whoever embraces speed as a competitive weapon, executes well, and delivers what people want swiftly is going to win.

I knew I had to reinvent my life and business and I trusted that the principles you were teaching on abundance would allow me to create something out of nothing. In December of last year, I went from essentially \$0 to \$14,800 in just one month. And so far this year, I have made close to \$250,000. My plans for the coming year are to double my earnings and I will once again be participating in your wonderful program to receive your daily advice and motivation.

- **Catrina Posada, Phoenix AZ**

The 100 Day Challenge got me focused on the important things and some of the messages in it were pure genius. Thanks to the 100 Day Challenge I went on to finish my law degree with honours. I am very happy with and had I never come across this wonderful program I would have probably failed in my final year. I just recently had my graduation ceremony and I wanted to say thanks for helping make it happen.

My main goal for participating in the 100 Day Challenge was to pay off my mortgage. I focused like a laser and went to work on my business adding more customers and working longer days, networking, whatever it took I was willing to do it. I cut back on spending and started saving. I am happy to report that I was able to pay off the \$190,000 balance and burn the mortgage papers. MISSION ACCOMPLISHED!!!

- **Michael Wilcox, Sarasota FL**

With the help of the 100 Day Challenge, I have turned an operation which was a complete loss into one of the most beautiful Spas in the Middle East. Our profits have exceeded even the highest earning incomes in our category in PARIS by more than 40%, and my next goal is to exceed 50% growth. Gary you are the person who makes me discover there are no limits on what can be achieved. I am most grateful to you and the 100 Day Challenge and encourage everyone to participate.
