## THE 100 DAY CHALLENGE

The 100 Day Challenge is a **MASTER CLASS IN GROWTH HACKING**. It was created to provide you with the system, tools and growth hacking strategies you need to transform your life and career in 100 days. Whatever big goals or crazy dreams you're pursuing... **you'll achieve them faster with the 100 Day Challenge.**

## DON'T BE LEFT BEHIND

While technology is multiplying our capabilities as a civilization...too many people and organizations are operating with out-dated beliefs and execution strategies which make them vulnerable and uncompetitive in a hyper-competitive world. Because the marketplace **ONLY REWARDS RESULTS**, the solution requires the adoption of **superior execution strategies** and faster response time.

## THE POWER OF PERFORMANCE SPRINTS

When you set goals in the context of a **100 DAY SPRINT**...you no longer have the luxury of putting off decisions or not taking action. By compressing deadlines, enforcing daily accountability and taking massive, relentless action...**you dramatically reduce the time it takes to achieve your goals, close performance gaps and set new records.** That's why you're going to love the 100 Day Challenge.

## WHY PARTICIPATE?

On a global scale, there is an ever **EXPANDING GAP** between intentions and results. The goals that companies and people set for themselves often bear little resemblance to the results they actually achieve. The root cause of the gap is that most of us do not have a proven execution process in place. **The 100 Day Challenge solves that problem.**
